Comments	<p>As a local person having lived firstly in Alfold & Tismans Common all my life ive always appreciated what a beautiful area of woodland we have in Pephurst & surrounding area having ridden my horses & walked our dogs .</p> <p>This planning for a quarry is just about making money , it will create terrible noise & disturbance to an awful lot of local people.</p> <p>Not to mention the extra amount of traffic on the already busy Loxwood road !</p> <p>The impact on the established wildlife will destroy & kill many different animals .</p> <p>Hazardous materials dumped in this beautiful place is just criminal .</p> <p>The homes sited near the proposed entrance would suffer devaluation & thier privacy , also very dangerous pulling out onto Loxwood road & the A281 with HGV lorries .</p> <p>An accident waiting to happen .</p> <p>On these grounds i strongly object to this development and ask you to decline this planning application .</p>
