Comment for planning application WSCC/030/21

Application number	WSCC/030/21
Name	Nicola Moore
Address	WILLETT CLOSE, 20, WILLETT CLOSE, PETWORTH, GU28 0LA
Type of Comment	Objection
Comments	I believe enough excavation of natural materials is happening and I absolutely do NOT support even more exploitation of natural habitats for financial gains resulting in endangerment of species, impedence of movement of the public and their animals and a resulting scar in the land which will take hundreds of years to repair. It is ancient woodland, ancient and biodiverse, something you cannot replace. Our children and their children will not thank us for these destructive actions!
