Type of Comment	Objection
Comments	<p>For us, as a family who walk in the woods on a daily basis with our dogs, the most significant impact will be the NOISE, POLLUTION, and disruption to our access to public rights of way. Specifically:</p> <ol style="list-style-type: none">1. Loss of tranquillity2. Pollution including in particular NOISE pollution3. Loss of public footpaths4. Destruction of a beautiful area of woodland5. Increase in dangerous traffic/HGV lorries on very minor roads which are already in disrepair. As a motorcyclist this puts me at considerable increased danger. <p>This would be a blot on the landscape that would significantly impact us negatively - put simply it would be quite horrible to have this on our doorstep.</p> <p>I also understand that there is no actual need for additional clay resources - so the main argument for destroying an area of natural beauty is spurious and not one of need but of profit.</p> <p>I can see nothing good in this application, just pain for the landscape and residents affected by it.</p>
