

Comment for planning application WSCC/030/21

Application number	<input type="text" value="WSCC/030/21"/>
Name	<input type="text" value="Heather Mary Owens"/>
Address	<input type="text" value="GOBLINS, CHALK ROAD, CHALK ROAD, BILLINGSHURST, RH14 0UD"/>
Type of Comment	<input type="text" value="Objection"/>
Comments	<input type="text" value="I am objecting to this application for the following reasons.The applicant's plan is to recycle only 50% of the waste brought onto site. This is well below accepted industry standard. They propose to use the remainder for backfilling rather than improving the recycling rate, however, an increased recycling rate would result in a further increase in HGV movements, this is a danger to walkers and car users on the road as some parts are extremely narrow. This is a greenfield site; National policy states that waste sites should be sited in built-up areas or brownfield sites. Not in beautiful woodland.Site access for HGV's will run on, alongside, and across established Public Right of Way routes regularly used by members of the public - giving rise to severe safety and health concerns."/>
