## Comment for planning application WSCC/030/21

Application number	WSCC/030/21	
Name	Alistair Farzad	
Address	25 Edenvale Street, London, SW6 2SE	
Type of Comment	Objection	
Comments	We often bring our daughter to Pallinghurst Woods to enjoy the local wildlife and for her to appreciate and enjoy the beautiful nature England has to offer. Growing up in a city it's important for her to experience these things, as they are not readily accessible to her. We feel that the planning application would have a detrimental affect on the general area, potentially displace wildlife, create significant traffic and noise pollution, and detract from her enjoyment of the woods themselves.	
	We strongly object to this application.
