Type of Comment	<input type="text" value="Objection"/>
Comments	<input type="text" value="I object to this application for the following reasons: increased HGV traffic, this has already increased since the brickworks developments. There will be a major impact on natural environment, animals and their habitats along with trees and the chmaged landscape and character of the area. Increased noise and disturbance is unwelcome and there is no necessity for the site at all. The area is unsuitable and will cause fumes and odours. There is already acceptable nearby facilities for waste management. I fully object to this application."/>
