Comment for planning application WSCC/030/21

Application	WSCC/030/21	
number	a	
Name	Sarah Taaffe	
Address	CARTERS WAY, 34, CARTERS WAY, BILLINGSHURST, RH14 0BY	
Type of Comment	Objection	
Comments	The application for this is completely unnecessary, there has been no indicated demand for clay and natural woodland will be destroyed, with loss of habitats, wildlife and natural drainage. The proposal will increase the volume of traffic in the area and the specified recycling is way below what is nationally required. There is no considerations for alternatives of natural sources or better more suitable sites.
