

# Comment for planning application WSCC/030/21

Application number	<input type="text" value="WSCC/030/21"/>
Name	<input type="text" value="Vanessa Chapman"/>
Address	<input type="text" value="HADLEY HOUSE, PIGBUSH LANE, PIGBUSH LANE, BILLINGSHURST, RH14 0QY"/>
Type of Comment	<input type="text" value="Objection"/>
Comments	<input type="text" value="We are constantly being reminded that we should be saving the Planet, Wildlife and woods and countryside. Then along comes this horrendous application to tear down trees scattering wildlife and in its place using noisy hard working machinery to finish off these beautiful woods for the next 30 years. I have walked in these woods for over 30 years and continue to educate my grandchildren about nature. We have bird song all around. I see owls, slow worms, adders. I thought these were meant to be protected. Butterflies , completely different species from the ones I see in my garden. This is a disgraceful plan. Dog walkers and amblers walk theses woods for pleasure and to get away from the fast life we all live just a mile or so away. None of us are doing any harm to these woods.but along comes, this application. Please just stop. It is not necessary. Stop now."/>
