Objection

It is my understanding that there is a plan to close a footpath for a temporary time. This temporary time is 33 years, which means that the path would be inaccessible for the rest of my life! The plan also states a 15,000sqft building will be situated in the woodland where there are no other buildings. Ultimately the plan is to create a waste site in a Greenfield area. It is my understanding that waste site should be located in brownfield, built-up areas.
