Comments	<p>So sad that the lovely quiet countryside will be spoiled by this project! The local roads really are too narrow and completely unsuitable for the size of vehicles needed to work a project like this and the extra volume of traffic it will generate. then there is the impact on nature, whilst I am sure the promise of replanting trees would be made, the old trees that are established in the area are an ecosystem in their own right. countless animals would be affected let alone the loss of a carbon bank ! This would affect so many people in a negative way should planning be unwisely given. Please don't let this happen!</p>
