Comments	<p>As a local resident, I strongly object to this application on the grounds of environmental impact . The woods are an important natural area, home to many species of trees, insects and animals. To transform the area in a clay pit will devastate this natural area.</p> <p>The noise of lorries going through this area will be detrimental to the countryside peace. The area will suffer greatly from the noise and pollution.</p> <p>We need to preserve our green belt land and wooded areas for the sake of the planet and our future generations benefit. It is precious . The plan if it goes ahead will be devastating.</p>
