

# Comment for planning application WSCC/030/21

Application number	<input type="text" value="WSCC/030/21"/>
Name	<input type="text" value="Georgie Hunter"/>
Address	<input type="text" value="HEDGECKS, DRUNGEWICK LANE, DRUNGEWICK LANE, BILLINGSHURST, RH14 0RP"/>
Type of Comment	<input type="text" value="Objection"/>
Comments	<input type="text" value="Myself and my family live on drungewick lane and I strongly object to this application. Firstly, my children get to school by walking along the main Loxwood Road for a short distance to catch their bus. It is already A dangerous route which will be made even more dangerous with the use of a large number of HGVs passing through. I also drive from Loxwood through to Bucks Green regularly and it is a narrow road which sometimes struggles when there are two cars passing. The presence of HGVs will not only damage the road surfaces that have many potholes but also the hedges as they drive past them but also is a huge danger to pedestrians and drivers alike. I regularly walk my dog and run in the woods which is a hugely enjoyable and calming experience however if this Claypit were to go ahead then the noise and disruption would be such a shame and destroy the natural beauty of this piece of ancient woodland. While I know a footpath is being diverted for several decades, a whole generation will miss out on accessing certain parts of these wonderful woods. I sincerely hope that the environmental impact will be strongly considered when looking at this case."/>
