Comments	<input type="text" value="1. Another claypit is not necessary since the one already in the area has closed with plenty of clay left.&lt;br/&gt;2. The extra traffic caused by the lorries will make driving down the narrow Loxwood road extremely hazardous, and the turning out on to the A281 is very difficult.&lt;br/&gt;3. The noise from the workings and lorries will make a peaceful area extremely noisy, let alone all the dust that will be created.&lt;br/&gt;3. It will badly affect the natural habitat in the area which comprises ancient woodland and a long held area for wildlife.&lt;br/&gt;4. The area is used by walkers."/>
