Comments	<input type="text" value="Being a Loxwood resident, I object to this application on the following grounds: There is already a sufficient supply of clay for brickmaking; I am concerned about the high volume of HGVs around the local roads which are already congested with traffic from all the additional housing in the area, giving rise to health and safety concerns; damage to wildlife and woodlands; added noise and dust pollution in the area; the proposal does not conform with either the Loxwood Neighbourhood Plan or the Chichester District Local Plan for development in a rural area and does not enhance or protect the natural environment, nor does it bring any benefits to the local community. I urge the Council to take these points into consideration."/>
