## Comment for planning application WSCC/030/21

Application number	WSCC/030/21
Name	Jean Elcome
Address	SOUTHOLME, CHURCH STREET, CHURCH STREET, HORSHAM, RH12 3ET
Type of Comment	Objection
Comments	I am just stunned that this application is even being considered. The impact on the surrounding environment and villages just doesn't bare thinking about. That's without the destruction of an eco

I am just stunned that this application is even being considered. The impact on the surrounding environment and villages just doesn't bare thinking about. That's without the destruction of an eco system that has built up over decades, home to many rare and sensitive species that are on the red list. Including Butterflies Dingy and Grizzled Skippers, also Brown Hairstreaks. I have also seen Hedgehogs and while not the usual setting for, I have also seen a common lizard along the track that will be used for the lorry road. I'm sure there are many more that I haven't seen as yet! Even without these species, the road that is being proposed as the lorry route is highly unsuitable for such high lorry usage without significant improvements and ongoing maintenance, which I assume the Council and therefore tax payers will have to cover! All in all this proposal just seems to wrong to let pass.
