Objection

I am objecting on the grounds that this development would have a catastrophic affect on the tranquillity and environment of Lowood and surrounding villages and countryside. The location is remote with very little noise therefore this development would cause great disruption. It would cause severe disruption to walkers and current pristine woodlands would be destroyed. The location is unsuitable being a long distance from a main road and a greenfield site. Ultimately the increase in traffic would have a severe impact of the surrounding villages and a high volume of HGV traffic would create a huge safety risk to local people. As a mother of two young children who walk and enjoy the woods and local area, this development is unthinkable. I thank you for reading my objection and please ask you to reject this plan.
