Comment for planning application WSCC/030/21

Application number	WSCC/030/21
Name	lan Colclough
Address	Flat 137 Oatlands Drive Weybridge Surrey KT13 9LB
Type of Comment	Objection
Comments	The access to this proposed site is via a country road, (Loxwood Road) which is completely unsuitable for the type of traffic (skip lorries), & the volume of traffic (42 HGVs per day). It is too narrow and has many blind bends, this traffic needs a site accessed directly from a main highway if it is not going to create a danger to other road users. Over 30 years of disruption & pollution is unacceptable in this lovely quiet & unspoiled woodland & surrounds, I have dog walked here for many years & the theraputic benefit of the peace & quiet in

The lorries will be a danger to walkers in the woods on legitimate paths, because they will be close to pedestrians, their children & dogs, particularly when the lorry routes actually cross a right of way.

these woods has been immeasurable, particularly after the death of my wife.

Please take my comments into account when considering this application.
