

Comment for planning application WSCC/030/21

Application number	<input type="text" value="WSCC/030/21"/>
Name	<input type="text" value="Colette van der Pluym"/>
Address	<input type="text" value="BUSHFIELD, 5, BUSHFIELD, BILLINGSHURST, RH14 0AF"/>
Type of Comment	<input type="text" value="Objection"/>
Comments	<input 33="" 91="" a="" access="" an="" and="" area="" be="" been="" chose="" cycling="" denied="" development."="" greenbelt="" have="" hours="" i="" in="" insult="" intelligence-="" is="" lifetime,="" live="" many="" old="" oppose="" our="" reason="" spend="" temporary"="" the="" then="" therefore="" these="" this="" through="" to="" type="text" value="The proposed planning application to extract clay from Loxwood is wholly inappropriate and unnecessary. There are already 3 functional sites which have around 25 years of clay remaining and, on top of that. the closest brickworks to the Loxwood site does not use Weald clay. The >300% increase in HGV traffic on narrow country lanes is both dangerous and life changing for the people living on the access routes and it's surrounds. Not only that, the destruction of greenbelt, the loss of woodland, the increase in both noise and dust pollution to Loxwood and it's surrounds will have a detrimental and irriversable negative effect on the area and it's population. To say that the closure of certain footpaths is " walking="" was="" which="" will="" woodlands.="" years=""/>
