

# Comment for planning application WSCC/030/21

Application number	<input type="text" value="WSCC/030/21"/>
Name	<input type="text" value="Mr Mirus &amp; Mrs Kerry Kuszel"/>
Address	<input type="text" value="BLUE HILLS, GUILDFORD ROAD, GUILDFORD ROAD, BILLINGSHURST, RH14 0SF"/>
Type of Comment	<input type="text" value="Objection"/>
Comments	<p>We would to strongly object to the application.</p> <p>It has been objectively proven that there is not a recognised need for clay in the area, and indeed such demand would seem so low that brickworks in the Sussex area are closing.</p> <p>This proposed use will destroy and fragment a tranquil wildlife refuge that cannot be restored by just a little planting.</p> <p>The planned life of this venture - over 30 years - would condemn nearby residents to nearly 2 generations of noise, dust and disruption. We need to be reducing HGVs not increasing them in these rural areas!</p> <p>It is perverse to say the least to site a MRF in the middle of old woodland - nowhere near the infrastructure typical of sites like this. It is always planning policy to build commercial sites like this in greenfield land.</p> <p>Please refuse this application.</p>
