## Comment for planning application WSCC/030/21

Application number	WSCC/030/21	
Name	Josh Watson	
Address	EIGHT BELLS, ALFOLD BARS, ALFOLD BARS, BILLINGSHURST, RH14 0QS	
Type of Comment	Objection	
Comments	I have lived in Alfold Bars all my life and the woods at Pallinghurst are on my back doorstep, my family and I are so privileged to have such beautiful place to walk the dogs and enjoy nature. I cannot stress the benefit to my mental health that going for a run along the paths of these woods has had particularly in the last 18 months when walking and exercise were our only chance to leave the house in lockdown. As a graduate in Business Management I am fully aware of the non economic viability of transporting Clay out of an area to another site - as there is no demand for clay locally it is not only economically unsound and damaging to the environment - which is a greenfield site and entirely unsuitable for the long term plan of creating a waste recycling unit - which is advised in National Policy to be developed on a Brownfield site.
