Comments	<input type="text" value="I object because we need all the trees possible to combat climate change and should not cut down mature trees, also people, dogs and horses are allowed on public footpaths/bridleways and it will be dangerous for all concerned.
The road system around the site is not suitable for all the HGV's, the roads are too narrow and already contain many pot holes. This has happened in Lynwick Street, Rudgwick and the road is in a terrible state."/>
