

Comment for planning application WSCC/030/21

Application number	<input type="text" value="WSCC/030/21"/>
Name	<input type="text" value="Ian Heaney"/>
Address	<input type="text" value="The Barnyard Loxwood Road Rudgwick"/>
Type of Comment	<input type="text" value="Objection"/>
Comments	<input type="text" value="This will lead to unavoidable damage to the wildlife habitat. The inevitable increase in traffic and noise will de-populate the area of the majority of resident animal species and lead to an irrevocable breakdown of the existing ecosystem. Fundamental to the habitat is its quietness and low traffic levels, which has allowed the development of the existing range of species, removing those two pillars of the ecosystem cannot subsequently be resolved. The project will in effect de-wild the area flying in the face of the current agenda to encourage agriculture which re-wilds the countryside."/>
