Comments	<input type="text" value="I object to the granting of planning permission most strongly. Firstly, there is no demand for additional clay given that reserves are plentiful. The proposed site is in beautiful woodland which is visited and enjoyed by walkers and riders from surrounding villages and hikers from further afield . This is no place for a development which would result in destruction of trees, closure of footpaths, not to mention the noise from heavy machinery. It is understood that there could be up to 44 HGV movements a day for many years along a narrow carriageway with no sidewalk. Surely there is a severe risk of accidents occurring. In this respect the junction from Loxwood Road onto the 281 by The Fox public house is of great concern. I trust that permission will not be given to this application."/>
