Hi

I strongly object to the proposed Clay Pit application. I find it unbelievable that such a scheme would even be considered in such a beautiful countryside location.

My main objections are:

1 The impact on the rural environment

2 The impact on wild life

3 The HGV vehicles will contribute to climate change

4 Most importantly Loxwood Road is not designed to manage 42 HGVs/day. Often residents park on the road and increased traffic would be disastrous.

5 We live on the A281 and the noise impact and pollution would not be acceptable.

Regards

Graham Paddon
