

Comment for planning application WSCC/030/21

Application number	<input type="text" value="WSCC/030/21"/>
Name	<input type="text" value="Andrew Speirs"/>
Address	<input type="text" value="TIMBERS, GUILDFORD ROAD, GUILDFORD ROAD, BILLINGSHURST, RH14 0QL"/>
Type of Comment	<input type="text" value="Objection"/>
Comments	<p>I wish to object to this application on a number of grounds:-</p> <p>a) The proposal will lead to significant additional HGV traffic in the surrounding areas. Although the developers propose access from the A281 and Loxwood Road, traffic may also use Loxwood village centre. In addition, although the developers envisage generating 42 vehicle movements a day, there is nothing to stop this figure increasing over time.</p> <p>b) the additional traffic will generate noise and dust as it accesses the site, and on the site road, with a deleterious impact to local amenity.</p> <p>c) the emptying and loading of trucks, and the sorting of construction materials is noisy and dusty, and this will impact local amenity.</p> <p>d) The siting of a waste processing plant in such a rural location is entirely inappropriate. The site includes a significant industrial building, which is inappropriate in a woodland setting.</p> <p>e) The proposed development will lead to the generation of diesel pollution, light pollution and noise pollution. In addition, there is a risk of pollutants entering the ground water if the type of infill waste is not controlled sufficiently tightly over time.</p> <p>This proposed development is entirely inappropriate in such a rural setting, and should be refused.</p>
