Comment for planning application WSCC/030/21

Application number Name

WSCC/030/21

Janet Cookson

Address

WATTSLEA, CHURCH STREET, CHURCH STREET, Rudgwick, HORSHAM, RH12 3HJ

Type of Comment Comments

Objection

I wish to object to the proposed development at this site.

- 1. It would have a detrimental effect on wildlife and habitat in the area. The peace and quiet would be disturbed by vehicles and excavation work and wildlife corridors would be affected by frequent traffic movements.
- 2. The local roads are unsuitable for the movement of large lorries to and from the site. The roads are narrow and winding and there are many cyclists and other road users who would be put at severe risk
- 3. The work would mean that long established footpaths would be affected. There would be dust and danger for walkers and other users.
- 4. Parking at the entrance to the site would be severely affected.
- 5. I understand there is not a need for more clay extraction in this area at this time.

I have regularly walked in these woods over the past 30 years or more. It is peaceful there, a place where you can relax and enjoy the wild flowers and listen to the birds. I cannot understand how this could be considered as a suitable sight for development. These habitats should be treasured and protected.
