

Comment for planning application WSCC/030/21

Application number	<input type="text" value="WSCC/030/21"/>
Name	<input type="text" value="John Glover"/>
Address	<input type="text" value="FLETCHINGS HOLLOW, VICARAGE HILL, VICARAGE HILL, BILLINGSHURST, RH14 0RG"/>
Type of Comment	<input type="text" value="Objection"/>
Comments	<p>We are already witnessing a staggering loss of our countryside to central governments insatiable appetite for new housing and the proposed development here simply adds to that and is unsuitable in so many respects.</p> <p>The woodland in which it is proposed has existed for many centuries, during which time an incredible store of wildlife has established itself and this would be lost forever, not only in the site itself but also the considerably lengthy access road that will be constructed.</p> <p>HGV access from the A281 or B2133 will impact heavily on the villages of Bucks Green/Tismans Common, and Loxwood and Alfold to the West. The substructure of the lane on which the proposed entrance is sited, was never engineered or designed to sustain constant use by heavy vehicles. Highways department have hopefully learnt lessons from the previous local disaster at Crouchlands which resulted in Foxbridge Lane undergoing substantial and extremely costly repairs.</p> <p>I therefore wish to register my objection to this application as this type of development is totally out of character with the area, it will cause increased levels of heavy traffic, noise and pollution and above all that, a really disastrous effect on this very special habitat for wildlife in all of its forms.</p>
