## Comment for planning application WSCC/030/21

Application number	WSCC/030/21	
Name	Martin Nel	
Address	BUSHFIELD, 5, BUSHFIELD, BILLINGSHURST, RH14 0AF	
Type of Comment	Objection	
Comments	<ul> <li>The proposed site development is wholly inappropriate for three main reasons:</li> <li>1. The noise, air and light pollution from the site and the the HGVs serving it will destroy a pristine woodland environment and impact on the surrounding farmlands. A development such as this should only be allowed on brownfield sites.</li> <li>2. An invaluable asset to all nature lovers will effectively be off-limits, since public access will compete directly with site traffic. It is disingenuous for the applicant to suggest a disruption to the public right of way lasting 33 years is, in fact, temporary.</li> <li>3. The site is 4.7 km from the nearest A road. The narrow, winding country roads between the site and the A road are already challenging to drive and cycle on. The threefold increase in HGV movements to and from the site will never be safely accommodated on these roads.</li> </ul>
