---

As a frequent visitor to Sussex over the years I have stayed at my friends cottage in Tismans common I have always enjoyed the peace and tranquility this area offers.

After being told about the above application I would like to raise a few points and reasons why I think this application should be turned down.

1 The traffic 42HGV lorries a day on the roads The chaos and noise and disruption this will cause.

2 The development will have a major impact on local wildlife habitat and species.

3 The area and woodland are used for enjoyment and walking and tranquillity Instead you will have skips and lorry noise pollution and bird song will be eradicated

4 The effect it will have on any listed buildings and conservation area Also this is turn will depreciate many properties.

These are a few of the disadvantages to the neighbouring villages and countryside. I object strongly to this proposed planning application

Yours sincerely

Marian Elliott
