Comments	<input type="text" value="My objection to this planning application .
Relates to enviromental impact .The knocking down of adult trees ,reduction of habitat for flora and fauna ,
and peace for local residents and villages locally .
Safety .. The minor road to be used is not suitable for such heavy traffic. When walkers,horse riders and cyclists using it .
Maintenance The road as it is is poorly maintained will it be up graded for such large vehicles from A281 to coming off prior to Loxwood ."/>
