Comments	<p>I object to this application due to the proposed increase in HGV traffic. This will have a severe impact on the surrounding villages. It is inevitable that routing policies will be avoided. I believe that some of the HGV movements will inevitably travel East - West and in reverse to/from the A3. The rural unclassified roads that link to the A3 are not built for HGVs and all are classified unsuitable for HGVs. The impact of the HGVs from this proposal has not been fully assessed beyond the immediate site and obvious routes.</p> <p>I do not trust the applicant to adhere to a routing policy as it is unenforceable, and not easily policed.</p> <p>I am also concerned about the highway safety at the junction of Loxwood Road and A281at Bucks Green.</p> <p>There is the potential for damage to Listed Buildings which will be affected by increased HGV traffic along the proposed routes.</p>
