

Comment for planning application WSCC/030/21

Application number	WSCC/030/21
Name	Charles George Sanders
Address	THE HOLLOA, BUCKS GREEN, BUCKS GREEN, HORSHAM, RH12 3JJ
Type of Comment	Objection
Comments	<p>I am making an objection to this application on the following grounds:-</p> <ol style="list-style-type: none">1. This ancient woodland site is a most unsuitable location for a commercial development of this nature. It would be unsightly and would spoil the landscape.2. This is a peaceful woodland setting. The noise and light pollution would be totally out of character and this development would have a detrimental environmental impact on the wildlife and trees which occupy this area.3. The loss of public parking at the lay-by and the spoiling of the landscape would result in a loss of amenity for walkers.4. I am very concerned about the increase in HGV traffic that would result. As a resident of Bucks Green I am already concerned about the lorries which do not keep to the 30mph speed limit on the A281 and which cause shaking of our houses. The increased traffic volume would exacerbate this issue and the small roads between the proposed site and the A281 are totally unsuited to this type of traffic.5. The acute angle between the Loxwood Road and the A281 already makes this an awkward junction for traffic joining the A281. There is limited visibility in either direction and slow-moving lorries emerging from the Loxwood Road could be very dangerous.6. I would also be concerned for pedestrian safety - especially for young children who have to walk along the Loxwood Road and A281 to their school in Rudgwick.7. I understand that this development is not even needed as we already have sufficient reserves of brick-making clay.
