

Comment for planning application WSCC/030/21

Application number	<input type="text" value="WSCC/030/21"/>
Name	<input type="text" value="Elizabeth King-Fisher"/>
Address	<input type="text" value="DALE COTTAGE, CHURCH STREET, CHURCH STREET, HORSHAM, RH12 3ET"/>
Type of Comment	<input type="text" value="Objection"/>
Comments	<p>The site is very unsuitable, being a green field site - not the brownfield or built up site that is recommended for waste .</p> <p>There will be a large number of extra lorries driving on narrow and unsuitable country lanes, resulting in a risk to other road users- both cars and pedestrians.</p> <p>There are other brickworks in the region which meet all the requirements and further works are not needed, so is completely unnecessary.</p> <p>There are well used public footpaths which will be affected by the site. One is to be re-routed on a much longer route, which is unacceptable and will make it difficult for many walkers. Where HGVs are routed very close to and across other Public Rights of Way there will be serious safety and health issues for walkers and their dogs.</p> <p>I do not support this application in any way</p>
