Comments	<p>This application is scandalous, it is green field site, old woodland with many wild flowers including orchids. The many footpaths are very well used by the village, this is a time of needing open spaces to walk in, we should be planting trees not cutting them down for the well being of the planet and people.</p> <p>The effect of extra haulage in the area would be devastating, the lanes locally cannot take HGVs. We already have the noise and pollution of airplanes which turn over the village heading for Gatwick, please let's not add any more pollution.</p> <p>This woodland is a vital part of our village life and for visiting walkers who come from far afield to enjoy the bluebell woodland.</p>
