Comments	waste recycling plant and I love to come up and see walks along the footpaths peace and quiet where yo in Spring. The dog jumps the world. But if this app time to live with the noise generators and the light	and have seen the application by Loxwood Clay Pits to create a commercial clay pits in Pallinghurst Woods. e my family as when I visit we go for walks nearby which always include in Pallinghurst Woods. They are so remote and tranquil. It is an area of bu can be at one with nature, listen to the birds and see the lovely bluebells in the many streams that criss cross the woods and all seems at one with lication is approved, all that will be gone forever. 33 years is a very long e, not only of the heavy lorries, but the excavation diggers, the diesel pollution. eable. They must be kept safe for the next generation.
