Name	<input type="text" value="Natalie Green"/>
Address	<input type="text" value="THORNHURST, MARRINGDEAN ROAD, MARRINGDEAN ROAD, BILLINGSHURST, RH14 9HD"/>
Type of Comment	<input type="text" value="Objection"/>
Comments	<p>My partners family have lived at Old Songhurst Farm since 1996 and although I have only known them for approx 10 years in that time I have witnessed many of the wildlife families living around that area including the working badger set only 300 meters from the proposed site and the bats flying around at night together with the barn owls hunting.</p> <p>I take joy in taking my grandchildren to the woods and land which has been neutered and care for by my partners family encouraging the wildlife and plants to grow. This site would absolutely spoil an area of Loxwod and disrupt the wildlife and plant life to a point of no return. We should be preserving areas of land like this not destroying them for future generations to enjoy because once they are gone they are gone for good and no amount of money can replace them.</p> <p>I have done a little research on this subject and Sussex has clay to last for another 25 years and I don't understand why beautiful woodland is proposed for this site when there are plenty of brown field sites to use for this project unless it's for greed and profit.</p>
