Comment for planning application WSCC/030/21

Application number	WSCC/030/21
Name	G Merrett
Address	SILVERDALE, 4, SILVERDALE, PULBOROUGH, RH20 1LJ
Type of Comment	Objection
Comments	The proposed development would be yet another example of a greenfield site in West Sussex being destroyed, with no regard for the precious wildlife that inhabits this area. There will be no beneficial outcomes for the environment whatsoever if this application is permitted.
	There is no demand for brick-making clay in West Sussex - and will not be until at least 2046, neither should a waste facility be built on anything other than a brownfield site.
