Comments	The introduction of this planned clay pit will destroy country life . The quaint villages ,horse riders ,cyclists ,walkers will all have their lifestyle changed forever. Large industrial vehicles en masse do not belong in the country side. The general increase in road traffic due to the increased house starts will also be affected by large lorries on narrow roads . If you are trying to attract people to this area,how can you possibly do this by presenting them with busy and dangerous roads . Lets not also forget the beautiful ancient woodland that will be lost forever and will never be allowed to re-generate .Do not allow this to proceed ,you will regret it
