Type of Comment	Objection
Comments	<p>Several reasons for my objection. 1. With Rudgwick brickworks and reserves of clay being allowed to close/filled in, why do we need more clay when there are plenty of reserves. Why that particular field to extract clay? which is not in the best position for access and surrounded by ancient woodland.</p> <p>2. Loxwood road is not wide enough to safely allow these heavy vehicles to operate, with dangerous bends and busy use.</p> <p>3. With no shortage of clay in the area the ulterior motive here is to make money from allowing vehicles to dump waste.</p> <p>4. I can see no added value here for the community, other than inconvenience and pollution/safety concerns.</p> <p>5. The junction at Bucks Green is narrow and will result in traffic build up on the A281 as vehicles will not be able to turn right from the A281 coming from the Guildford direction and trying to join the Loxwood road, when a HGV is on the road trying to join the A281..</p>
