Comments	<p>We noticed the opposition to this planning application while in the area enjoying a holiday - which almost goes to prove the point.</p> <p>Pallinghurst Woods and the surrounding countryside are areas of outstanding natural beauty.</p> <p>The peace, quiet and tranquility of the woods would be shattered by 42 HGV truck movements a day.</p> <p>There are many points to object on.</p> <p>But I think the key issue is this is an act of vandalism against the countryside which should be stopped to preserve the area for future generations.</p>
