

Comment for planning application WSCC/030/21

Application number	<input type="text" value="WSCC/030/21"/>
Name	<input type="text" value="Alan Miles"/>
Address	<input type="text" value="WOODFIELD ROAD, 41, WOODFIELD ROAD, HORSHAM, RH12 3EP"/>
Type of Comment	<input type="text" value="Objection"/>
Comments	<p>I OBJECT to the application on the following basis:-</p> <p>Loss of Amenity - I frequently use the layby & the local paths. The application would severely impact the parking, create danger to the public & the noise, light & pollution will ruin the pleasure of the walk. There is absolutely no justification in the proposed 'temporary' closure of footpath 792-1. 33 years is NOT temporary.</p> <p>Demand for Clay & need of waste site- According to the latest West Sussex County Councils Minerals Monitoring Report, there is no demand for additional brick making clay & that WSCC have more than 25 years of reserves. The LCP's plan to sell the clay to West Hoathly Brickworks is now irrelevant as the brickworks have now closed. LCP have not given any details of a replacement .</p> <p>In addition Clay extraction is typically adjacent to brickworks. It is uneconomic and also environmentally negative to transport clay over any distance.</p> <p>There is currently sufficient capacity in more suitable established locations for Construction and Demolition waste in West Sussex.</p> <p>Suitability of site - Totally unsuitable as this is a greenfield site. National policy states that waste sites should be sited in built-up areas or brownfield sites and be close to the source of waste & market for the recycled materials. This site fills none of those requirements.</p>
