

# Comment for planning application WSCC/030/21

Application number	<input type="text" value="WSCC/030/21"/>
Name	<input type="text" value="Mary Fereday"/>
Address	<input type="text" value="FOX CORNER, CHURCH STREET, CHURCH STREET, HORSHAM, RH12 3EZ"/>
Type of Comment	<input type="text" value="Objection"/>
Comments	<input type="text" value="I strongly object to the above application as I often walk with my family in these tranquil ancient woods. In my 70s now and especially during recent lockdowns it has been wonderful to walk in the countryside listening to bird song. I also understand there are rare bats roosting on the site which are threatened species and other species such as badgers. As well as the environmental issues at stake, the impact of heavy traffic on local villages would be dangerous. Living on the main road through Rudgwick we already have increasing traffic thundering past our home. There is also a highways safety issue along the Loxwood Road. Loss of parking availability in the lay-by is worrying. I feel this development brings nothing good to the area just years of heavy traffic, noise pollution, loss of ancient trees, impact on wildlife and light pollution. Future generations deserve better including the pupils at Rikkyo School. I read that this is a greenfield site and National policy states waste sites should be sited on brownfield sites. Neither does it conform to the Loxwood Neighbourhood plan."/>
