Comments	<p>It is incomprehensible why anyone wants to dig up a Greenfield area in the West Sussex countryside and change it into an unwanted Clay Pit and Waste site.</p> <p>We are fed up with the noise of HGV lorries using our country lanes as rat runs , ruining the verges and causing safety concerns to villagers and visitors who walk, jog, cycle and ride there horses along these lanes and paths.</p> <p>The impact it will have on wild life is devastating with four protected breeds of bats one of which is the Barbastelle Bat.</p> <p>The impact of over 40 HGV lorries driving to and from the site every day , I think is under estimated . Our country lanes are not built or strong enough to withstand the damage that these lorries will cause.</p> <p>I could go on and on , there are countless reasons why this planning application should be rejected as you well know.</p> <p>It is totally unnecessary and unwanted and I object to this planning application.</p> <p>Sincerely M Rankin</p>
