Comment for planning application WSCC/030/21

Application number	WSCC/030/21
Name	Helen Fry
Address	STONEVILLE, THE DRIVE, THE DRIVE, BILLINGSHURST, RH14 0TA
Type of Comment	Objection
Comments	We believe the local brick works have enough clay, so why take more. This area suffers from noise and air pollution from Gatwick Airport, we do not need more HGV lorries with more pollution in this area. There is so much press about climate change and the affect this is having on the world and now you want to destroy a beautiful woodland area which surely contradicts everything the Government is trying to do to stop climate change. We both strongly object to this proposed claypit
