## Comment for planning application WSCC/030/21

Application number	WSCC/030/21	
Name	Ann Kersey	]
Address	Woolspinners Guildford road Loxwood RH14 0SA	
Type of Comment	Objection	
Comments	A pristine wood is not an appropiate place and it will have huge impact on the area. Many huge lorries on our roads will damage the road surface, endanger cyclists and ruin rural and relaxing terrain to the detriment of walkers ,animals and the general environment. There also is no demand at this time for brick making clay or need for more capacity for wate disposal in West Sussex. It also does not conform to Chichester Local Plan or Loxwood neighbour hood plan. I strongly object to this application.
