Comments	<p>I have lived in the Rudgwick area for my entire life and spent much of my time in the woodland due to be affected. It is a peaceful and tranquil area of historic woodland that should be preserved and looked after. The level of traffic the new clay pits project would bring to the area would not only ruin this but would completely overrun the surrounding road network and have a detrimental affect on the area in general. As such the application should not be allowed to continue.</p> <p>Best</p> <p>George</p>
