| Application number | <input type="text" value="WSCC/030/21"/>   |
| Name               | <input type="text" value="Pippa Skudder"/>   |
| Address            | <input type="text" value="18 Uplands Beckenham Kent"/>   |
| Type of Comment    | <input type="text" value="Objection"/>   |
| Comments           | <p>The project will damage ancient woodland and thus destroy and disrupt the habitat of the wildlife and this beautiful area will be spoiled through mess, noise and clogging up of roads.<br/>Even with the best of intentions such a project cannot fail to result in damage to all the creatures, insects, plants and trees that inhabit this peaceful landscape.<br/>The local population will be deeply affected by the constant noise from the extraction site and from lorries trundling through roads which were never designed for this degree of traffic and the tranquility and peace will be lost.<br/>This should not be allowed to go ahead.</p> |
