Comments	<input type="text" value="I greatly object to this application, the impact on the wildlife alone in the area is huge, disturbing and ruining their habitat, as well as the noise pollution it would cause in an otherwise peaceful and idealic area.
The woodlands are beautiful places to a walk, where I have gone myself. It's a necessity for not only residents of the area but their visitors and passers by who have come to walk and get exercise, as well as a place to find space and tranquility for their own mental well-being which is a need for everyone."/>
