

# Comment for planning application WSCC/030/21

Application number	<input type="text" value="WSCC/030/21"/>
Name	<input type="text" value="Mrs. Patricia Lebus"/>
Address	<input type="text" value="vachery, hook lane, shere, Surrey Gu5 9qq"/>
Type of Comment	<input type="text" value="Objection"/>
Comments	<p>I strongly object to this application for many reasons but in particular because I am a Coach (Trainer) for the Riding for the Disabled Carriage Driving Group based at Tismans Common. We operate on a weekly basis and have 22 disabled (some severely) people coming regularly to benefit from carriage driving. This application involves small country lanes which are very much part of our routes for taking our Clients. If this application is allowed it will severely affect our work as it would be totally unsafe to take our ponies, with disabled people in wheelchairs on the carriage, along those roads with heavy lorries.</p> <p>The roads around Loxwood consist mostly of country lanes with already a certain amount of local traffic with drivers who are used to the problems of using narrow and twisting roads. To introduce extra heavy traffic in large lorries to this area is, in my opinion, completely irresponsible and would impact hugely on the character of such a beautiful area of countryside.</p> <p>I know, from walking there, that the area around the suggested site has many rare species and some ancient woodland. This should always be protected. With the increasing interest and urgent need to protect our environment, including pollution from heavy vehicles I feel that this application has every reason to be turned down. I urge you to reject this planning application which would undoubtedly have an adverse effect on our disabled Clients as well as many local residents and visitors to the area.</p>
