## Comment for planning application WSCC/030/21

Application number	WSCC/030/21	
Name	James Ambler	
Address	TOLT GARTH, COX GREEN, COX GREEN, HORSHAM, RH12 3AU	
Type of Comment	Objection	
Comments	I am objecting because of the destruction it will cause to the local area, primarily the woodland and the animal habitat. None of this can ever be regained, and in a time when environmental issues are paramount and animal species and their habitat are disappearing at an alarming rate it seems incomprehensible that this proposal can go ahead. That is before the effect of the HGV's is taken into consideration on the roads which are not suitable for so many per day, and the increase in pollution that will cause.
